

NEWS LETTER – Autumn 2016

Address from the CEO

Hello everyone. I hope that you and your families are all keeping well. It's been a busy year so far and I can report that we are continuing to make headway in our quest to become the premier supplier of manned guarding (this includes Door Supervision) in the West Midlands. We are in a very competitive market. However, I still believe that with the right staff, the right attitude and a determination to apply "quality", we will succeed. This means that when you are on your assignments you must remain professional at all times. I continue to operate an open door policy at SafetyNet, just like I did when we started.

Critical Success Factors

As a company, we must have the following:

- Satisfied Customers
- Profitable contracts
- Motivated staff
- Sound Health & Safety
- Continuous improvement
- Effective leadership
- Effective Policies & procedures
- Sound Environmental policies

ACS Result...

We have recently undergone our 7th ACS assessment and not only passed but increased our score yet again. We are now in the top 10% of ACS companies. This is due to the professionalism of our Security staff and the excellent team at the office. Otis would like to personally thank Maxine, Martyn, Nicky, Ryan, Sinead, Khameela and our consultant Steve Brazier for all their continued commitment.

NOTICE BOARD

- If you receive a new SIA license PLEASE let Maxine know. This needs to be entered onto your personnel file.
- Read your Assignment Instructions regularly. Know your assignment!
- Remember your "duty of care". Take care of yourself AND others.

The pay period is changing

From the 1st January 2017 you will be able to view the "pay period table" on the company website. This will enable you to see the pay dates all year. The benefits of this is that you can manage your financial planning much better.
